SWITCH Go Digital

Helps with a unique and powerful tool to assist Go Digital program. You can switch to digital invoice flow in a few easy steps.

Productivity, quality, reliability.

With digitalisation sweeping the business world, SmartPEPPOL helps you migrate to a 100% digital eco-system. It enables organisations to move from paper invoices to digital invoices. One can now receive and send critical data securely via the European Peppol network.

Step by step to digital

The only way to accelerate digital invoice processing is the use of a set of smart tools which help organisations make an effortless transition to digital invoice processing. With the powerful tools Switch Go Digital offers, one can immediately monitor and trach which invoices one can collect and send digitally.

Switch Go Digital : the Preferred One-Stop-Solution

The World's Smartest solution in its segment, it provides 100% identical processing of paper and digital invoices. One can Start with high-quality processing of the paper flow and guide their administrations in making the switch to fully digital invoice processing. The combination of Peppol, digital invoice and Smartbooqing delivers the most powerful and advanced combination in Accounts Payable.

Digital declaration and authorization

In addition to the maximum automation of the incoming invoice flow, other incoming flows are also digitized. End customers can make use of functionalities such as authorization and invoices via the app.

**With Switch Go Digital,
it is always a Win-Win for all!**

Smart**UBL**

Now digitize any scan into an e-Invoice of your preferred format (UBL, BIS) with unmatched 100% complete conversion!

SmartUBL digitalisation can help a firm migrate to a 100% digital organisation where invoices get auto-processed and seamlessly go instantly into their workflow. Manual data entry or manual reviews are now redundant, saving precious time and resources.

User Friendly, Fast, Accurate.

Unmatched Solutions:

✔ 100% complete data – Always!

✔ Options for VAT line and Multi Line digital invoice conversion

✔ All latin script languages supported (All major European and American languages)

✔ Peppol BIS 3.0 and UBL 2.1 Validation

✔ Automated checks and validations

✔ Backend manual verification where essential

✔ Machine learning for faster and accurate data

✔ Plug and play with API, email, web upload options for easy

✔ Easy and automatic submission and receipt of invoices

With Switch Go Digital,
it is always a Win-Win for all!

Best in breed technology ensures documents are processed uniformly on a detailed level, Quality: Invoice lines, discounts, investments and private are always processed correctly. Documents are booked consistently and uniformly Checks, validations and notifications for QC safeguards to maintain high quality

**With Switch Go Digital,
it is always a Win-Win for all!**

performance

400% More productivity

Smartbooqing ensures expensive resources can be freed for more critical work while all docs are verified, validated and checked against rigorous standards. Smartbooqing highlights review points - only 20% docs may need a review and as few as 10% may need edits Much higher quality ensures lesser review and changes saving time. Automatically organizes your administration. Your first invoice will be processed immediately! Offers uniformity across relationships, across the year and, if desired, even across multiple administrations!

Smartbooqing and digital invoicing

Smartbooqing is UBL ready and supports all systems for the delivery of digital invoices. With the SWITCH - Go Digital program you can switch to digital invoice flow in a few steps.

What distinguishes our solution?

✓ Expert booking on both simple and advanced invoices.

✓ Many advanced features for highly automated processing.

✓ Enrichments like cost codes, project codes built in.

✓ Autogenerated review summary with checks and alerts Very high degree of automation results in unmatched quality and productivity.

**With Switch Go Digital,
it is always a Win-Win for all!**

Smart**PEPPOL**

SmartPeppol: Send

SmartPeppol delivers the invoices through Peppol when possible and email otherwise. Your contacts can join Peppol in just a few clicks.

SmartPeppol: Receive

Your suppliers can easily find you on Peppol and can easily send you their digital invoices.

What distinguishes our solution?

✓ Smart Peppol gives insight on how digital your administration is and which contacts are on Peppol.

✓ Outgoing invoices get auto-routed through Peppol first, and mail second.

✓ Both suppliers as clients can be onboarded to Peppol for free.

Peppol is the European Network for sending digital documents like electronic invoices. One can join Peppol through a certified Access Point like Smartbooqing and exchange digital document with your contacts. After activation for Peppol the Smartbooqing dashboard shows which contacts are already on Peppol.

With Switch Go Digital, it is always a Win-Win for all!
